Issue Details

Location of Issue:	Verge opposite 2 The Cottage Stockley
Community Area:	Calne
Parish or Town Council:	Calne without
Nature of Issue: (Max 600 characters)	
<p>The verge opposite the above property and neighbouring properties has continually been eroded by lorries,tractors from the local dairy farm and general traffic who find it easier to drive up onto the grass & mud rather than slow down. This has caused a significant decline of the verge,has left potholes and a vast amount of mud,which is dangerous. Also commercial vehicles emerging and entering the track by the side of my house use the verge as a turning point to gain access to the lane. This doesn't help either.</p>	
How long has it been an issue?	Significantly worse over the past 2 years
What would you like done to resolve this issue? (Max 600 characters)	
<p>I would definitely like some verge markers to be installed. These would protect whats left of the verge and might help with the speeding problem we have in Stockley. I would also like the mud to be scraped away and ideally I would like to try and restore the mud patch to grass. I would be more than happy to contribute in anyway possible.</p>	
Have you been in touch with your local Wiltshire Councillor? (Yes/No)	Yes
