

## **Communication with DH&S Community Committee**

### **1. Background.**

The Parish Council (10 Councillors) work closely with The Community Committee (currently 7 members) to communicate and deliver community activities, events and highlight a variety of groups. We currently have a list of over 40 activities, gleaned via our BKV submission this year.

These are communicated via [derryhillandstudley.org](http://derryhillandstudley.org) Hub, inSPIRE, FB, various noticeboards and links via [derryhillandstudley-pc.gov.uk](http://derryhillandstudley-pc.gov.uk)

Currently looking into a process of identifying and communicating directly with new residents to the village to inform them of the above.

### **2. Proposal**

A separate meeting to discuss how can both parties work more closely together to use our respective strengths?

How can the Community Committee benefit from the Parish Council budget to support some of these initiatives which are predominantly self funded?

### **3. Recommendation.**

A meeting between the Parish Engagement Sub group and members of the Community committee to discuss how above can be addressed.
