

Replacement Dog Waste Bins, Petty Acre

1. Background.

During the full council meeting in September 2025, the dog waste bins in poor condition on Petty Acre were discussed. It was noted that these bins were under the control and ownership of Wiltshire Council.

The Parish Clerk enquired with Wiltshire Council who confirmed that they would not replace the bins but would be happy for us to replace them, Wiltshire Council would then maintain responsibility for emptying them. WC no longer provide dog waste only bins so the replacements would have to be general waste bins and ground mounted.

2. Proposal

WC have provided details of the two bins that they currently use. ;

[Classic Litter Bin | 90-105 Litres | Leafield Environmental](#)

£254 ex vat

[Topsy Royale™ Litter Bin - Glasdon UK](#)

£220.73 ex vat

3. Request

The Parish council must resolve the following;

- a) if they have the budget to go ahead with the planned replacements
- b) Which bin style they want to order.
