**643/25. Update from Neighbourhood Plan,**

Following a summary of the options available there was a significant discussion around the possibilities.

The difficulties, cost implications and benefits of doing a plan 'alone' were noted. The implications of having a plan without allocations was also discussed at length. It was noted that retaining the existing boundaries is not an option that looks like it would work and expanding the plan to include all councils surround Calne could create difficulties in decision making and getting agreement on policies.

It was noted that the Town Clerk of Calne and the Parish Clerk had begun contacting the other successor councils to establish initial indications of what they might like to do. Once this information has been obtained then Place studios will be engaged to help provide advice on the matter.
