

Proposal for a  
**Poppy Cascade**

For temporary installation in November 2026  
at  
The War Memorial, Derry Hill

Members of the Derry Hill and Studley Craft Group have been discussing the possibility of using our skills to make poppies, using a variety of media, e.g. knitting, crochet, embroidered fabric and plastic, to adorn an installation at the village War Memorial, during part of November.

The pictures below are images to suggest how it might look, if mounted on netting and attached to the wall behind the War Memorial. Permission from the owner of the building would need to be sought to facilitate the mounting of this, assuming the Parish Council has no objection to such a project.

Additional individual plastic painted poppies on sticks are also being considered, one for each of the names on the War Memorial which would be “planted” in the grass area.

As a group, we are now seeking permission from the Parish Council to pursue this, and if there are further questions relating to the project, I would be happy to attend a Council Meeting to respond.
